

INSTALLATIONS

Whatever the particular requirements, or locale, for your glass installation, either commercial, residential, contract, hospitality or liturgical, MARK LEVY STUDIO provides all the necessary familiarity for regional work.

Issues such as thermal calculations, CCR's, structural factors or environmental requirements are addressed thoroughly. Our extensive experience with these matters allows our clients to focus in on the design matters, and leave all the details to us. MARK LEVY STUDIO is also well versed in dealing with construction firms and engineers in the facilitation of projects of all size, scope, and locations. MARK LEVY STUDIO has specially designed crating and shipping systems to ensure the safe, on time, headache-free delivery of our work worldwide.
