

STUDIO

MARK LEVY STUDIO is a group of artisans, who have for the past 28 years, remained dedicated to our on-time, on-budget reputation. In a world of mass-production, imitation materials and dubious business practices, the renown we enjoy for our integrity makes your investment a guaranteed one.

Whether as a decorative element, or an architectural component, MARK LEVY STUDIO has established itself as the source for all manner of the glass disciplines, including fused, etched, leaded, beveled and stained glass. We welcome your ideas and specific criteria, and offer you an un-equaled design dialogue to accomplish your desired outcome.

MARK LEVY STUDIO creates one-of-a-kind works of art, signed and dated, ensuring you and your clients' peace of mind that the glass artwork created for them will be an original.

For contract and hospitality installations, MARK LEVY STUDIO also offers a limited edition portfolio ideally suited for public installations.
